INTRODUCTION

First and foremost, I want to thank for your interest in this free report (worth \$27.)

Today, I'm going to give you an opportunity to start making some real money online.

That's why I'm going to show you the **EASIEST** way to actually make

money online that you have never seen. You can earn \$100 - \$1000 with this report weekly.

That said, may I also warn that, this is NOT “Get-Rich-Quick?” No! If that is your mindset, then you need to have a change of mindset. Get-rich-quick will only leave one drown in the middle of the ocean. Let that not be you!

Also, If you’re one of those who think you should be able to make money online without any upfront investment, then you are sorely mistaken and on the wrong track.

There is nowhere in the world, either online or offline, that you can “magically” start making an income without spending any money. Alright, maybe one – a job. Is that what you want? Stop work and your pay stop also.

But with this method, I will show you, the work you put in will reward you again and again, every single month. And perhaps the best part, you'll only spend 1-3 hours per day maximum actually working. And it works?

With my system, you're getting a new, fresh batch of eyeballs every single day who have never seen those "copy and paste" messages before. To them, it's brand new.

But who are these eyeballs and where do they come from? This is where it starts getting interesting. Ok, imagine the millions upon millions of people online who want to work from home, replace their current 9-5 job, create.

Before we dive into the main contents of this e-book, I want to thank you again for

HOW DOES THE “TEXTBOT™” COMPENSATION PLAN WORK?

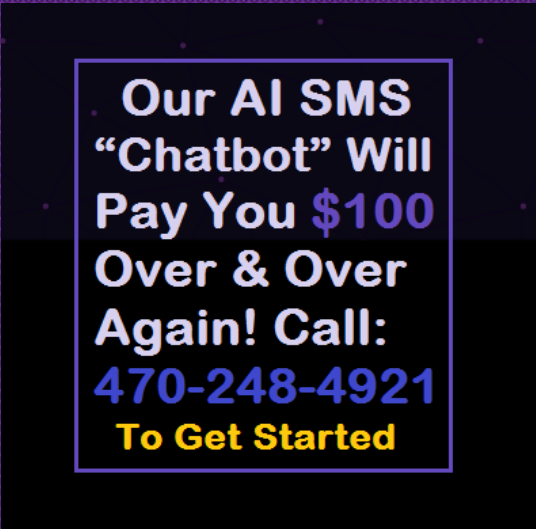

Now, let's get into how you can make some really great money with this platform when you share it with others. TextBot™ has a 1 up compensation plan where you earn 100% direct payment from every sale you make and you only ever have to pass up your second sale to your sponsor.

Which means you get your product purchase back on your first sale. You then use the leverage of the pass up on your second sale

[CLICK HERE TO WATCH THE FREE PRESENTATION](#)

to accelerate your cash flow. Your third sale and onward has to pass up their second sale to you. And that's how simple the compensation plan is. I love this so much as with other business opportunities, it's usually a pain to explain how you earn but not with this opportunity.

To Get Started

The main feature of TextBot™ is AVA your *Automated Virtual Assistant*. AVA holds real time, human-like text message conversations

with everyone that is connected to her.

Make 1 sale a week = \$100

Make 10 sales a week = \$1000

AVA answers questions and delivers your information, follows up and can even send any email you want her to and like I said, SHE DOES IT ALL BY TEXT MESSAGE!

The second unique feature of TextBot™ is the ability to create custom keywords that can be used with the personal phone number you are provided when you join.

When you create a custom keyword, you can have a specific text message go out when the keyword is sent.

For example, let's say you set up the keyword "FREEFUNNEL", whenever one of your prospects text that keyword to your phone number, a text message is sent to the prospect with your marketing message.

Below is my phone number from TextBot to test it out for yourself. Feel free to text the keyword “FREEFBOOK” or “MONEY” to **470-248-4921**. You can also hear a pre-recorded message and hear AVA share how she helps you earn \$100 instant payments over and over again.

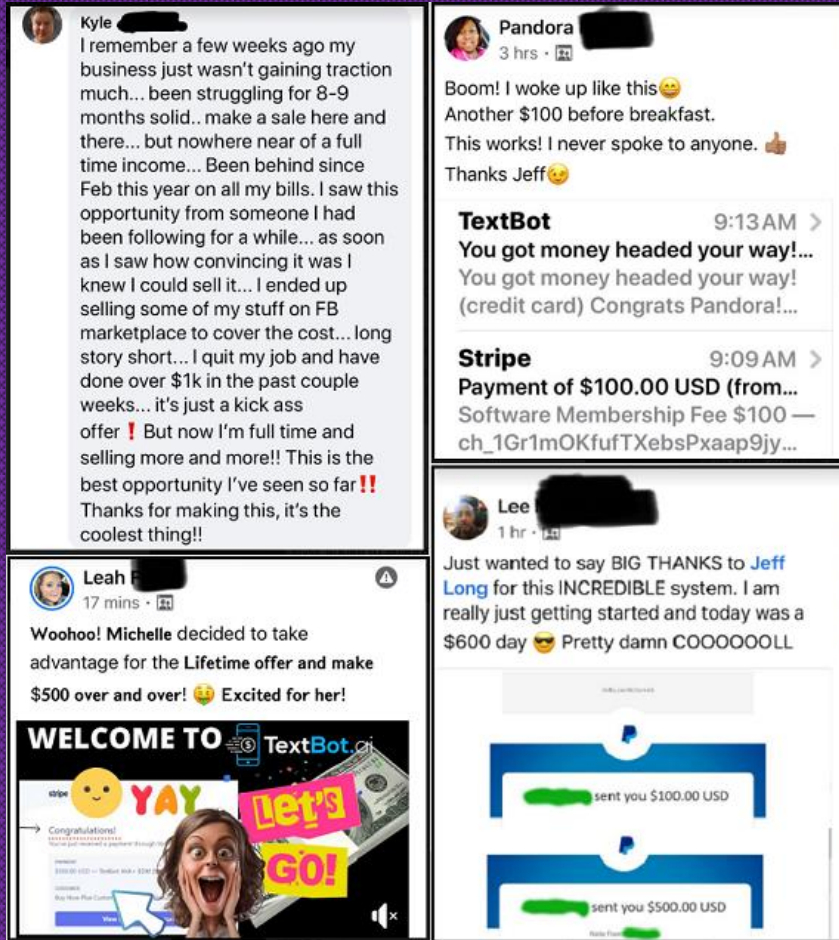

Sound good... right?

The fact that over 98% of text messages are read and over 90% of them are read within 3 minutes makes AVA a very attractive platform to learn all about!

If you want a better and more reliable way to text your leads and customers than you can do it... is through AVA.
